KPI “n. of Health Literacy programs for adult and older people, caregiver, health professional and enterprises implemented” Spoke 3 WP 1 Task 1.6

- A plenary discussion and training event will be held to present and discuss the report *“How to Create a Solid Alliance Between All Stakeholders to Promote Human Rights by Improving Health Literacy on Both Individual and Organisational Levels”*. This report, drafted by Guglielmo Bonaccorsi and Chiara Lorini, outlines the development of a shared strategy involving political authorities from various EU member states, NGOs, and citizen representatives. The strategy focuses on leveraging health literacy as a tool to combat health inequities. A specific chapter of the report is dedicated to addressing ageism.
